Sutton Cub Scouts Lend a H g Hand

Members of newly-formed Sutton Cub Scout Pack 243 and adult volunteers provided their services to groom a historic colonial cemetery in Sutton on Sunday afternoon. (It is with regret that we are unable to publish the location of this cemetery since vandalism has already resulted in the destruction of some of the historic tombstones.)

Planning Board Closes Public Hearing on Goretti Market Proposal

MILLBURY - On Monday evening, October 24, the Planning Board closed a Public Hearing on a request from Goretti Management Corporation for a Special Permit to construct a 35,900 square foot supermarket off Canal Street. Prior to the closing, several issues were discussed.

Representing Goretti Management, Attorney Joel Greene first updated the board on a change to the original site plan which, if approved, would increase the proposed width of Railroad Court from 20 feet to 30 feet. Abutters had expressed concerns at a previous meeting over what they considered to be an inadequate proposed road width.

Charlie Kalauskas, a traffic engineer hired by Goretti Management, then addressed a question raised on behalf of the town by Central Mass. Regional Planning Commission. According to Kalauskas, "The letter that CMRPC sent said that they agreed with the level of service analysis but were still looking for accident data at the Canal/Elm Street intersection. We did look at accident data for a one year period. In the last year there were a total of four accidents at the intersection. They were all property damage only accidents; there were no injury accidents, no serious accidents. There was really no consistent reason for why the accidents occurred. There's really no way to project the number of accidents that might occur because of increased traffic. All we looked at was one year of accident records."

Kalauskas also maintained, "That intersection, with only four accidents and the number of vehicles traveling through it, is not considered dangerous from a traffic engineering point of view."

In a check of accident reports on file at the Millbury Police Department, the *Millbury-Sutton Chronicle* discovered a total of seven accidents from January through October, 1988. These seven include three minor accidents which did not require an official filing with the department. According to Sergeant Lincoln Barton, who assisted in the file search, many individuals will report accidents to the police department even though the extent of damage does not require that they do so. These reports are also kept on file.

A check of 198/ records revealed a total of eight accidents from January through December 1987 at the Elm/Canal intersection. Accidents at the intersection of Canal and Howe Avenue totalled 11 for 1987 and 5 for January through October, 1988.

There have been four accidents at the intersection of Main/Canal since January, 1988, and one during 1987.

We the people...

Opposes Question 2

To the Editor:

As a taxpayer, and member of this community, I believe it is important that my friends and neighbors are aware of the second question coming up on this November's ballot. The question deals with the repeal of the Prevailing Wage Law, which has been on the books since 1914.

The Prevailing Wage Law should not be repealed. It is an important issue to taxpayers within the community, and especially to those taxpayers who are not a part of the corporate world. Prevailing Wage insures to all that public construction work is being done by technically trained men and women who are adept in their field of expertise. All community members can rest assured that the construction in their area will be done right the first time, within budget, with low maintenance costs.

The referendum question only cuts workers' pay, and the worker ends up the loser, as well as those community members who end up with shoddy construction projects. The contractors should not win higher profit rates while the worker ends up the underdog as he once did before the Prevailing Wage Law was passed.

Please vote "No" on Question #2; it will effect everyone in a negative way if it is repealed.

Opposes Question 4

To the Editor:

Question 4 on the November 8th ballot would arbitrarily and permanently shut down the generation of electric power by Massachusetts' nuclear electricity plants. More than 3,000 Massachusetts scientists and engineers have already joined the 'NO on 4 Committee,' which is opposing this drastic measure.

As scientists and engineers, we believe we have a responsibility to speak out and let our voices be heard on this issue. The promoters of Question 4 are trying to encourage unwarranted fears about nuclear power and they portray this measure as a rational public policy.

In fact, Question 4 makes no sense. It is an extreme proposal that would forever cut off the option to use nuclear power in this state, a source that the overwhelming majority of scientists and engineers view as a sound, sensible energy option. It would cut off nearly 20 percent of our in-state power supply, at a time when Massachusetts already faces serious electricity supply problems.

Question 4's shutdown would make our state's growing electricity supply problems even worse, increase electric rates, add a huge tax burden to compensate the owners of the plants, and force increased reliance on fossil fuels, adding to acid rain problems and the Greenhouse Effect.

We hope that the facts about Question 4 will be studied carefully by the readers of the Millbury/Sutton Chronicle.

And, along with thousands of Massachusetts scientists and engineers, we urge you to join us in voting "No" on 4 to stop the shutdown.

Grateful for Support

To the Editor:

I and my committee would like to express our appreciation to the three selectmen, Jude Cristo, John Donnelly, and Roland Lachance for their support of our campaign "VOTE NO ON QUESTION 2." It is nice to see these elected officials looking out for the welfare of the hard working people of this town.

Connie Lucey
Town Coordinator for the Quality of Life
Millbury

Thank You...

I would like to thank everyone for making my can drive such a success. My goal was for $1100 dollars but because of the great support from the people, I am able to give the Federated Church $1665 towards their chairlift for the handicapped.

Millbury Selectmen's Meeting Digest

Solid Waste Disposal Tops Meeting Agenda

By Edward J. Cooney

MILLBURY - The October 25 Selectmen's meeting was called to order at 7:00 p.m. with all members present.

Signs

Administrative Assistant Earl Chase began his weekly report by explaining that all illegal signs on public ways have been removed and that other political signs have acquired permits or have applications for permits on file.

Camp Marion

Chase then informed the board that there has been no movement on acquiring the Camp Marion Property on Lake Singletary by the Town of Sutton. He noted that a negotiator had not been hired nor an appraisal completed on the property.

Cristo said it was his understanding that the Sutton Board of Selectmen were having a long discussion on the subject at their meeting tonight. He noted that they are going to reassess their position on Sutton acquiring the property on its own since they were unaware that meetings had been held for a possible joint venture with Millbury.

Millbury Avenue Complaint

Chase then reported that he had looked at the property of Marie Ushinski on Millbury Avenue. Ushinski had presented a complaint to the board last week concerning her dissatisfaction with work done to restore a portion of her driveway upon completion of work done by R.H. White Construction for Mass American Water Works. Chase indicated that he saw no problem with the driveway. He also noted that there was no berm and that cars could be parked perpendicular and parallel to the road.

AIDS Testing

According to Chase, a letter was received from the Fallon Clinic recommending that the town not seek AIDS testing for police candidates. Chase noted that physicals and drug testing were completed on the two recent additions to the police department.

The board unanimously approved the recommendation to forego AIDS testing.

Police Business

At 7:15, the board met with Provisional Police Chief Ron Stokowski who recommended that the appointment of Kevin Hartigan be effective on November 1, 1988 and the appointment of Paul Lemoine be effective on January 15, 1989 to bring their appointments closer in line with police academy training programs and the 30-day hiring limit under Civil Service regulations. Hartigan could possibly begin academy training on November 28, and Lemoine sometime in January. Stokowski also noted that both candidates would not be available for duty in town until sometime in the spring.

The board voted 5-0 to hire Hartigan effective November 1 and to hire Lemoine effective January 15.

Chase noted that physicals and drug testing had been completed on both candidates and they had been informed verbally of their appointments at last week's meeting. Stokowski noted that neither candidate has made a formal commitment.

Stokowski reported that a complaint of a resident allowing three unregistered cars on property on Manor Road was resolved by Officer Kelly. According to Stokowski, two of the cars have been removed and one remains.

The board voted 5-0 on a roll call vote to move into executive session to discuss collective bargaining pertaining to the police association.

Barking Dogs

The board returned to open meeting at 7:50 p.m. to discuss a complaint of barking dogs.

Cristo read the complaint, opened up the public hearing, and swore in Dog Officer George Royal and the owner of the dogs, George Marquis. The complainant, Mr. LaForte, was not present.

Royal explained the nature of the complaint which originated with LaForte's complaint of excessive barking by Marquis' four dogs. Royal noted that Marquis had resolved the problem by giving one of the dogs to the dog officer and getting rid of another one. Royal said, "I think I got the barking dog."

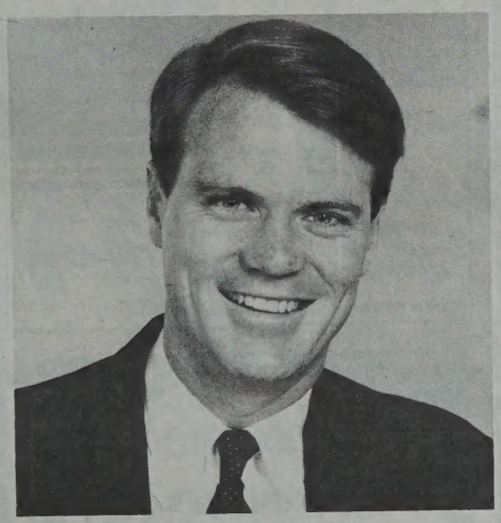
POLICIAL ADVERTISEMENT

POLITICAL ADVERTISEMENT

SUTTON DESERVES
THE MOST EFFECTIVE VOICE
Re-Elect



For many years, Sutton was well represented by Senator Louis Bertonazzi. Now through redistricting, we have been included in the senatorial district of Senator John Houston. Sutton is indeed fortunate to have been provided with such an outstanding legislator.

We are pleased to endorse Senator Houston and look forward to being represented by a public official whose record and career in public office has been marked by sincerity, dedication, and concern not only for his constituents but also for the citizens of Massachusetts. We feel privileged to have Senator Houston as our voice in Boston, and we know that Sutton's concerns will be championed by a man of honesty and vision.

Ethel M. O'Day, Town Clerk
Linda J. Roach, Affordable Housing Commission
David B. Strieby, Chairman Finance Committee and Warrant Advisory Committee

SELECTMEN from Page 3

Royal said that two dogs now remain on the premises. He noted that he had not received any complaints for the past several weeks and it was his opinion that the matter was resolved.

Upon completion of Royal's testimony, Cristo declared the matter resolved and closed the hearing on a 5-0 vote.

Appeal

Chase reported that an appeal by the low bidder on the Millbury Avenue Reconstruction Project was heard this past week by the State Department of Labor and Industries. A decision is expected in another week, according to Chase.

Solid Waste Disposal

At 8:00 p.m., the conference room was filled almost to capacity with a standing-room-only crowd of small business owners who were present to find answers to questions concerning the disposal of solid waste pertaining to commercial businesses, industry, and the disposal of building materials.

George D'Auteuil, owner of Frank's Rubbish Removal, addressed the board to express his and other's concerns over a recent change in the disposal of waste which would affect trash haulers and commercial businesses.

D'Auteuil presented the board with a copy of a letter he received Tuesday from the Board of Health. He noted that he was given the letter while in the Board of Health office. The letter was to be mailed to trash haulers doing business in the Town of Millbury.

The letter said, "Effective November 1, 1988 the Town of Millbury will no longer provide free tipping at Wheelabrator Inc. for commercial businesses, industry, demolition or building materials.

"This action must be taken because the tonnage limit has been exceeded. We hope this will be a temporary condition and hope to resume normal activity after the first of the year.

"You will be billed directly from Wheelabrator for this tonnage. There will be no charge to you for household rubbish provided it is not mixed with any of this material."

D'Auteuil said that the problem of trash has caught the public's attention. "For too long we have taken it too lightly," he said. "We have our backs against the wall. It's not anyone's fault, but hopefully we can get some answers."

Noting that the Town is ten months into a 20 year contract, D'Auteuil said "In all fairness, it is not anyone in charge of the trash problems fault. They have tried to be flexible and understanding, but went too far. They didn't think this would happen but it has happened. Here we are ten months into a 20 year contract. Mistakes have been made; we are paying for it.

"I have been given seven working days to come up with $20-30,000," D'Auteuil continued, "which will mean changing our operations and will affect the people we are involved with."

Selectmen Chairman Jude Cristo then explained that his board could not speak for the Board of Health. "They are not here tonight. We are allowed 11,315 tons per year. As of now, we have reached 10,461 tons total which allows us under 1,000 tons from now until the rest of this year."

D'Auteuil responded, "That's not incorrect. You stated every month there was over-tonnage. Why wait for now?"

D'Auteuil cited the maximum tonnage of 11,315 per year for 20 years, noting that a consultant had project a tonnage of 12,324 tons.

Cristo said that the program for studying solid waste problems has been going on for several years and that the tonnage projection was made several years ago.

D'Auteuil indicated that he thought the town was short-sighted, and said he wanted the Board of Health to be present tonight to discuss the issue.

D'Auteuil also cited several factors that may have increased the tonnage beyond projections: increased weight from rain and snow, the fact that 40-50 tons of pallets had remained at the dump for three years before being disposed of, increased building in town, demolition of buildings in town, and a panic situation when residents cleaned out their attics because they thought the landfill would be closing sooner than anticipated.

D'Auteuil then brought up the need for recycling, saying that he has tried to educate his customers to recycle. "Everyone has to be involved," he said.

D'Auteuil then expressed his dissatisfaction with the notification from the Board of Health. "The timing is horrible," he said. "The confidence instilled in the public was that there was to be no tipping fee. Hopefully this won't hurt. No one has attempted to renegotiate with Wheelabrator. The Board of Health met with Wheelabrator at 4 p.m. today. We thought we would have some answers tonight. I have given them (Board of Health) ways to save money, but that has fallen on deaf ears. We are in a confused state here."

Cristo addressed the problem of monitoring the trash being hauled from the landfill to Wheelabrator. He also suggested that the Town should go after violators.

D'Auteuil replied, "We should have regulations; we don't have them." He also noted that some monitoring is going on and said that his trucks have been checked.

SOUTHWEST LAUNDROMAT

On The Shelf

By Rosemary Waltos

Don't we all have a story about an aunt who one day casually tossed out "that old thing" before we could lay claim to it? How many of us have lamented the discard of "the picture that hung there for years" in the hallway of our grandmother's house? How many times has a sepia memory of a time past slipped away from you with the disregard of something old and treasured?

If I am getting too maudlin for you, consider the novice (could be yourself, could be your mate) who thinks that everything and anything could be an antique - maybe not now, but real soon. If it looks old and worn, isn't it an antique? But is it? What if it's passed up, and then somebody scoops it up? That something was probably a good buy, a once in a lifetime one. All you have to go by is an honest face and a gut feeling.

To be a smart buyer and collector of antiques, you have to know your stuff. You can't just sense it because of a special attraction or relationship to the objects of interest and their pasts.

In this vein, on November 8 at 6:30, the Millbury Public Library, 128 Elm Street, in cooperation with the Friends of the Millbury Public Library, will offer the program Americana Antiques Lecture and Discussion. Seating is limited and advanced registration is necessary. Please register by calling the library at 865-1181.

Americana Antiques Lecture and Discussion will be presented by Martha Hamilton of Robert W. Skinner, Inc., auctioneers and appraisers. Ms. Hamilton will discuss the serious art of buying and selling fine American furniture, decorations, paintings, and antique and decorative rugs and carpets.

Martha Hamilton comes to us from the respected Robert W. Skinner, Inc., auctioneers and appraisers of antiques that include Americana, Victorian/Continental, toys and dolls, jewelry, and more. Ms. Hamilton currently works in the Skinner Americana collection. Before joining Skinner's, she was the Director of the North Andover Historical Society. She also has held the position of Curator for the National Park Service at the Old South Meeting House in Boston. She has a background in the fine arts and decorative arts as well.

You don't have to wait for a library program for information about antiques and collectibles. You will find many, many books on the library's shelves to choose from. Finding these books may be a little trickier than just locating the antique section of the library. If you're looking for antique guns, glassware, farm implements, books, jewelry, coins, etc., you will be wise to start in the areas devoted to these subjects. For information on American antiques in general, you'll find it all in one spot (749 section), and you'll find a lot of it, too. If in question, a staff member will be happy to help you locate the information you want.

Before I go much further, let me highlight a few of the new books recently added to the library's collection. **AMERICAN JEWELRY: GLAMOUR AND TRADITION** and **ALL THAT GLITTERS**. The first book, **AMERICAN JEWELRY**, is a handsome book from the publishers of fine art books, Rizzoli. Its large format provides a fitting setting for the beautiful jewels of the eighteenth and nineteenth century. While **AMERICAN JEWELRY** covers jewels in the purest sense, **ALL THAT GLITTERS** is for the collector of costume jewelry of the twentieth century. It is a small book that covers all of costume jewelry's forms, styles and trends.

Another book worth mentioning here is **AMERICAN CERAMICS 1976 TO THE PRESENT**. This book is the result of an increased interest in ceramics that has occurred during this decade when American art pottery came out of the attics and into auction houses. This large format book informs and beautifully depicts in large color photographs many of the fine examples of American ceramics of interest to collectors and admirers of the art form. It is both a book about art and antiques, at once.

COLLECTIBLE CERAMICS is compact and chock full of encyclopedic knowledge of American ceramics from New England born and bred Marcia Ray. For identifying purposes, there's also **DICTIONARY OF MARKS**. This is a fascinating book that is a catalog of marks found on ceramic pieces. Find the right mark, and it will help to tell the story of a particular piece from the date and its maker to the material it is made of.

The library also has up-to-date pricing guides for a variety of antiques and collectibles from comic books to baseball cards, and from depression glass to pewter. We also have general guides such as **KOVEL'S ANTIQUES AND COLLECTIBLES PRICE LIST**, which covers over 50,000 items from A to Z. If you're on the other side of the table, there's the how-to guide, **KOVEL'S GUIDE TO SELLING YOUR ANTIQUES AND COLLECTIBLES**.

Anyone who loves the past will eventually start searching between the covers of books to help identify with it. **THE CONCISE ENCYCLOPEDIA OF AMERICAN ANTIQUES, THREE CENTURIES OF AMERICAN ANTIQUES** and **TREASURY OF NEW ENGLAND ANTIQUES** are just three of the books that help make the connection with the past that comes to us from dusty old attics and other nooks and crannies.

The list of information found in books on antiques and collectibles goes on and on - Christmas ornaments, cars, books, tools, clothing, buttons, music, paper dolls, silver, postcards, stamps, decoys, guns, coins, clocks, bottles....If you have a special interest, the best place to start is in the stacks of your local public library.

Halloween Walk...

Youngsters, accompanied by adult volunteers and staff members from the Millbury Public Library, held their annual Halloween Walk through the downtown area on Wednesday, October 26.

Shaw Students Take First Place in "Awesome Biology" Competition

MILLBURY - The Central Mass Middle Schools Science Olympiad was held recently at the Bancroft School in Worcester. Students from seven middle schools from Worcester and area towns competed in three different science categories:

1. "Awesome Biology" - knowledge of botany, human anatomy, cell structure, and insects.

2. "Let's Get Physical" - knowledge of weather, geology, astronomy and space, electricity, and chemistry.

3. "Towering Heights" - competition challenging students to build a structure as high as possible with materials provided.

Terrie Tellier, Rachel Kupcinskas and Patti Nielsen were members of the Raymond E. Shaw team that took First Place in the "Awesome Biology" competition.

Other Shaw students that participated in the competition were: Andrew Mason, Jason Ginisi, Kris Gauthier, Chris Naikelis, Michelle Murphy, and Andrea Notidis. Alternates were: Danielle Beauregard, Brian Rossi, and Sean Kuusisaari.

The students were assisted in their preparations for the competition by R.E. Shaw faculty members Sue Varin, Wayne Sentance, Jan Berthiaume, and Don Desrosiers.

Students to See Production on Life of Susan B. Anthony

MILLBURY - Millbury students in grades 7 through 12 will soon have the opportunity to see a live production on the life of Susan B. Anthony. On November 16, two performances will be presented by Theatreworks/USA from New York at the Millbury High School Auditorium, one at 9:30 a.m. for grades 7, 8 and 9 and another at 12:30 for grades 10, 11 and 12.

Susan B. Anthony was one of America's great fighters for human rights, and she spent her entire life fighting for the rights of women. Born in 1820, she grew up in Massachusetts and was influenced by both her Quaker upbringing and her father's involvement in the abolitionist movement. It was during her era that the few women who worked earned as little as one-fourth the salary paid to men performing the same job. Women were not considered worthy of a college education and the thought of women voting was considered revolutionary. Anthony became a leader in the fledgling women's suffrage movement and, although she never lived to see the achievement of her ultimate goal, women's right to vote, she was instrumental in building the foundations of the women's movement today.

The Millbury Arts Council, with appropriations from the Mass Arts Lottery Council and the High School Improvement Council, has provided the necessary funding for this presentation.

The public is invited to attend either performance and may contact Principal Daniel Carmody at the High School if interested.

Back-to School Night

MILLBURY - The administration and teaching staff of the Millbury Public Schools invites all parents to participate in their annual Back-to-School Night program. Dates for this program are as follows:

Elmwood Street School: Tuesday, November 15, A-M; Monday, November 21, N-Z.

Middle School: Monday, November 14, A-M; Tuesday, November 22, N-Z.

High School: Thursday, November 17, A-M; Tuesday, November 29, N-Z.

Parents whose last name begins with:

1st night:	2nd night:
A-D 7:00-7:50 p.m.	N-Q 7:00-7:50 p.m.
E-H 7:50-8:40 p.m.	R-U 7:50-8:40 p.m.
I-M 8:40-9:30 p.m.	V-Z 8:40-9:30 p.m.

Each school has been scheduled for its own Back-to-School program. This year, the Elmwood Street School, grades K-3, the Middle School, Grades 4-7, and the High School, grades 8-12, will have two Back-to-School evenings. Parents whose last name begins with A-M will meet on the first evening. Those whose last name begins with N-Z will meet on the second evening. However, any parent who cannot make the specific time or evening can come between 7 and 9:30 p.m. All buildings will be open to parents from 7-9:30 p.m. as noted above.

Teachers will be providing parents with the opportunity to discuss the progress of their youngsters. However, due to the number of parents who may be present, conferences will have to be brief. If a parent wishes to have a longer conference with his/her youngster's teacher, this should be arranged for a future time.

All parents are encouraged to take advantage of this opportunity to meet with building principals and teachers. Parents also have an open invitation to contact principals and teachers whenever a need arises.

Scott Pease to Receive Superintendent's Award for Academic Excellence

MILLBURY - Dr. Alfred J. Sylvia has announced the selection of Scott Pease for the Superintendent's Award for Academic Excellence. The award will be given by Superintendents throughout Central Massachusetts to honor their top academic students at a luncheon at an area college on Tuesday, January 3.

Scott is the son of Bruce and Leane Pease of 407 West Main Street. He is ranked first in the Senior Class and has been enrolled in college preparatory curriculum and in a number of honors courses. He is a member of the Honor Society and has maintained a very high academic average throughout his high school years.

Scott plans on attending college and will be pursuing a scientific course of study. He was selected a winner in the 1989 Chancellor's Award for Academic Excellence which provides tuition free attendance at the University of Massachusetts in Amherst for four years. He is also a semifinalist in the 1989 competition for Merit Scholarships.

Turkey Raffle

MILLBURY - Millbury High School Class of 1992 is sponsoring a Turkey Raffle with six prizes of 23-24 lb. Butterball turkeys. The drawing will be held November 16, and winners will be notified following the drawing.

Tickets are 50 cents each, 3/$1.00, or a book of 15 for $5.00, and may be purchased from any member of the Freshman class.

Sutton Board Urges "No" Vote on Question 3

By Terry Barnicle

SUTTON - At the October 25 Selectmen's meeting, board members went on record as opposed to Question 3 on the November 8 ballot. According to Chairman Mike Chizy, "Because Sutton is a community which has several farms, the board wishes to go on record to request a "No" vote on Question 3.

Selectman Rick LaBonte added, "If this question should pass, the cost to the family farm would be astronomical. We don't need Boston people telling us how to run our family farms."

Recreation Committee

The Selectmen were pleasantly surprised that four residents appeared before them and expressed interest in filling two vacancies on the Recreation Committee.

Central Turnpike resident Paul Hamm, Chairman of Sutton's Cable TV Commission, explained that he is a 30-year resident of Sutton, has three children active in sports in town, and is especially interested in monitoring the funds of the committee.

Thomas Palumbo, a Southwick Road resident, has lived in Sutton for nine years. He told board members that he also has children involved in town sports and would like to volunteer his services to town government.

Victor Kourey, of Maple Lane, reported that he has attended several recreation committee meetings. He also noted that he has children in Sutton sports, and, as a teacher of children, wants a recreation program for all children.

Colonial Road resident Marilyn McLeod explained that she is on a recreation committee sub-committee, has children in town sports, and that her work at home leaves her with ample time to contribute to the committee.

The Selectmen and the committee, sitting as one board with one equal vote each, will make the appointments next week. They expressed the hope that the candidates who weren't chosen this time would apply for other vacant positions on town boards and committees.

Purchase of Town-Owned Land

Arthur Bessette approached the board regarding the purchase of town-owned land which abuts his property on Manchaug Road. Bessette explained that he has been "keeping up" this parcel of land for 25 years. He also told the board that his leach field is located on the property in question. At the suggestion of Selectman Wallace Johnson, the board will view the site before making a decision.

Goals and Objectives

The board then began a presentation of each member's goals and objectives as Selectmen so that Town Administrator Dexter Blois can develop a plan of action for the future.

Selectwoman Mary K. Connor explained that her main goal is to maximize interaction between citizens, selectmen, town offices, commissions, and committees. She also said that she would like to get information to the citizens, especially new residents, through organizations in town such as churches and civic groups. She also said that she would like to see a place where residents could go to obtain the current status of an issue before a board.

Connor's other objectives include: a plan to recruit volunteers for town government, a sewer master plan, a plan for closing the landfill, a capital improvement plan, and a plan for obtaining grants and other funds for the town.

Selectman Richard LaBonte told his colleagues that his primary goal is to implement the Charter. He said that he wants more items put on the agenda and less taken up under Old Business. Other objectives stressed by LaBonte were: affordable housing, especially home ownership; capital improvement, especially a new fire station; solid waste facilities; sources of taxation, other than increased license fees; and financial stability, especially long-term.

Other board members will discuss their goals next week.

Marion's Camp

Blois reported that the owners of Marion's Camp, the Campfire Council of Central Massachusetts, will not meet with the Selectmen but will choose a real estate agent to do so. LaBonte said that he hoped they would change their minds because of the many services rendered to them by the town.

The discussion then turned to purchasing strategy with Connor saying, "I don't want to wait six

months to act; we should first explore all options for Sutton acting alone."

Johnson suggested that discussions be held with Millbury regarding a joint purchase.

LaBonte agreed, saying, "There are many priorities, such as the high cost and therefore I think we should work with Millbury. The recreation Committee has worked with them in the past on many matters."

At this point, the Selectmen and the Recreation Committee went into Executive Session for the purpose of further discussions regarding the purchase of land.

Sutton Students Tour Newport Mansions

SUTTON - Students from Sutton High School visited Newport, Rhode Island, on Saturday, October 29. While in Newport, the students toured the Breakers and Marble House. These mansions are representative of the lifestyle of the wealthy in America at the turn of the century. David Muradian and William Brosnihan accompanied the students.

Manchaug Pond Association Announces New Officers

SUTTON - The 21st annual meeting of the Manchaug Pond Association held on August 28 brought the busy summer season to a close. Approximately 40 members and a few campers attended the business meeting and picnic held at the YMCA Camp Blanchard facility on the shores of Manchaug Pond in Sutton. Those attending the business meeting expressed concern for safety as boat traffic and jet ski use continues to increase on the pond. Members felt a stronger association and more involvement with town officials would bring about needed change in this and other areas.

Officers elected to serve during the next two years are: President, William Dauplaise of West Springfield; Vice President, John Duff of Sutton; Treasurer, Joseph "Tony" Auger; Recording Secretary, Linda Bachand of Douglas; and Corresponding Secretary, Phyllis Gillespie of Sutton. These officers will work with lake area representatives to address the concerns of the membership and will work to promote the welfare and correct use of Manchaug Pond. The area representatives include Linda Nelson, Harry Anderson, Ken Hoover, Wes Helgesen, Hank Magnussen, Paul Boutiette, Jack Conrad, Al Carlson, Don Schmidt, Randy Anderson, Gene Moran, Bob Murray, Don Marshall, Rae Johnson, and Joseph Staruk.

The Manchaug Pond Association was formed in 1967 and currently consists of 80 members representing seasonal and year-round residents, owners and mangers of the three campgrounds on the lake, and a few campers. Work this year has already begun to address the traffic issues. On october 23, the Board of Directors appointed Rae Johnson and John Conrad, both of Douglas, as their representatives to serve on a committee formed by the Douglas Board of Selectmen. This Douglas Lake Committee will represent the Whitins Reservoir Association, the Wallum Lake Association, the Manchaug Pond Association, and local officials, with the purpose of drafting a proposed by-law to restrict horsepower, reduce speeds, and determine a means by which the by-law can be enforced. The next Board of Directors meeting of the Manchaug Pond Association is scheduled for November 20.

To obtain more information about the Manchaug Pond Association, or to express your concerns, contact John Duff, Vice President, at 865-9743 or Phyllis Gillespie, Corresponding Secretary, at 476-2410.

Handmade Crafts

Once again, the Fisher family of 24 Park Hill Ave., Millbury, will be selling their handmade crafts.

The sale will be held on Saturday, November 5, 1988 from 10:00 a.m. to 4:00 p.m.

The crafts include: wooden articles, Christmas ornaments, knit and crochet items, and cut and pierced lampshades.

The articles may be bought at reasonable prices and some may be ordered if time allows.

Kollios Announces Change in Office Hours

BOSTON - Representative Paul Kollios (D-Millbury) announced that he will not hold his regularly scheduled office hours on Tuesday, November 8, in the Millbury Town Hall.

Further, Kollios urged people to exercise there right to vote on Election Day.

Kollios will resume his scheduled office hours on Tuesday, November 22 in the Millbury Town Hall.

Assumption PTG to Meet

The Assumption School Parent Teacher Guild will meet on November 10. A business meeting will follow brief consultations with the teachers from 7-8 p.m.

Assumption School News

by Grace Laflash

Students in Grades 5-8 were exposed to the political system, a program coordinated by Sister Elizabeth Morin. Candidates and issues were studied, in addition to various aspects of our government and the American voting procedure.

A representative from the Republican Party, Nancy Bush Ellis, sister of Vice President George Bush, and a representative from the Democratic Party, State Rep. Paul Kollios, on behalf of Governor Michael Dukakis, addressed the boys and girls.

Through the courtesy of Town Clerk O. David Matson, the students will experience the voting process complete with ballots, voting booth and ballot boxes on November 1 at the Millbury Town Hall.

Christmas Fair

MILLBURY - The Women's Association of Raymond Memorial Congregational Church, 5 Raymond Street, East Millbury, will host a Christmas Fair on Saturday, November 5 from 10 a.m. to 4 p.m.

Among the items to be featured are the following: baked goods and candy, aprons and pot holders, fancy work, knitted and crocheted articles, Christmas gifts and ornaments, jewelry, woodcrafts, Christmas and all occasion cards and napkins, and attic treasures. Refreshments will also be on sale.

For further information, call 799-2622, 757-8763, or 755-3591.

Volunteer for Little League

MILLBURY - The Millbury Little League organization is seeking a volunteer to manage a Senior League baseball team. If you are interested, call Debbie Plante at 865-2659 or attend the next meeting on November 21 at 7 p.m.

Volunteers Needed in Sutton

SUTTON - The Sutton Board of Selectmen is seeking volunteers to serve on each of several boards and committees on which a vacancy exists. The positions are volunteer, each position filled by the Board of Selectmen for fixed terms.

Persons interested in serving their community are urged to send a letter of interest to Dexter P. Blois, Town Administrator. The positions for which volunteers are sought include openings on: Recreation Commission, Planning Board, Earth Removal Board, Finance Committee (Moderator appointment), Bylaws Revision Committee.

Any questions may be directed to Dexter Blois at the Sutton Town Hall.

Flu Clinic

MILLBURY - The Millbury Board of Health and the District Nursing Society will sponsor a flu clinic for those 60 years of age and older on Tuesday, November 15, from 9 a.m. to 10:30 a.m. at the V.F.W. Hall at 16 South Main Street. The cost will be $1.00 for each flu shot.

Call the Board of Health office at 865-4721 to pre-register any day from 9 a.m. to noon.

Annual Turkey Supper

SUTTON - The First Congregational Church, Boston Road at the Common, will hold its 56th Annual Turkey Supper on Saturday, November 5. There will be two sittings, one at 4:30 p.m. and one at 6:00 p.m. Tickets are available at the church office.

The roast turkey supper will include the following: mashed potatoes, squash, onions, stuffing, gravy, and rolls. Cranberry Crunch a la Mode and beverages will also be served.

Ticket prices are $6.00 for adults, $3.00 for pre-teens, and children under the age of 5 will be admitted free of charge.

Holly Berry Fair and Silent Auction

SUTTON - The First Congregational Church, Boston Road at the Common, will hold its Holly Berry Fair and Silent Auction on Saturday, November 12, from 10 a.m. to 4 p.m. The public is invited to enjoy a traditional church fair with crafts, homemade foods, "Trash 'n Treasures," and refreshments.

Don't miss a trip to the Silent Auction Rooms. There will be over 60 items and services donated by local businesses and parishioners, totalling over $5,000.

A Bird in the Hand...

MILLBURY - Students at the Raymond E. Shaw Middle School (left photo) recently had a rare opportunity to view a live presentation on birds of prey by Master Falconer Dick Lucius of Springfield. Lucius (right photo) holds "Spooky," a great horned owl who weighs approximately three pounds and has a wingspan of four to five feet. (You'll notice that Spooky graciously turned her head for the camera.)

Lucius has over 35 years of experience working with birds of prey. For the last several years, he has traveled extensively throughout the New England area with his live birds, lecturing to schools and organizations. Lucius holds permits from both the Commonwealth of Massachusetts and the U.S. government to rehabilitate injured raptors, practice the sport of falconry, and, under a special educational permit for the U.S. Fish and Wildlife Service, care for a golden eagle. (additional photo on Page 11)

GORETTI from Page 1

The total number of reported accidents at the three intersections on Canal Street totalled 20 for 1987 and 16 as of October 27, 1988.

Another issue raised by CMRPC concerned additional access routes to the supermarket. According to Kalauskas, "We did look for alternative access points to the market but could not take property. The secondary emergency access (through Railroad Court) that we discussed with the fire chief, he felt was not going to help in any way."

During the hearing, Mary Goretti, President of Goretti Management, presented the board with a petition in favor of a new supermarket which she said contained the signatures of some 700 individuals obtained under "no high pressure."

According to Mrs. Goretti, "Seventy-five percent of those (700) were from Millbury. The majority of the other signatures we got are from Grafton." Mrs. Goretti also said that individuals from Grafton were the most vocal. "They would love a new store," she said.

In concluding statements Greene called the key issue a legal one. "The zoning ordinance says that on a site plan approval you ought to approve it unless there is some special condition which would cause the site to be a hazard." In asking the board to approve the permit, Greene said, "All the expert evidence says that we are not contributing significantly to any of the problems there. We're not creating any new problems there."

Greene, while acknowledging that the Canal Street site is not ideal, argued that there is no "ideal" site. "Worcester Center is not an ideal site in Worcester and the Shawmut Bank Tower wasn't ideal. There is no ideal site anywhere."

Prior to closing the public hearing, Chairman Anna Lewandowski asked if any abutters were present to comment. Mrs. Goretti immediately spoke up and said, "On that petition we had about eight people sign who live on Canal Street. If you look through that, I identified about seven or eight signatures from Canal Street. I don't know how many houses are on there but there are not too many more than that."

A check of the 1988 Street List for the Town shows 55 registered voters living on Canal Street.

Canal Street resident Gloria Millette, an abutter, then spoke to the board: "If you're asking the abutters whether they agree it's an ideal spot, I can never say that it's an ideal spot. They have come a long way as far as serving our needs. We really feel the 20 feet they were going to give us is inadequate. They have proposed 30 feet which is more pleasing but we still maintain it should be 33 feet at least. It's better, they're trying, and we'll just have to accept it if the board votes for it."

A decision on the whether or not to grant the Special Permit must be made by the Planning Board within 90 days.

LEE ANN BROWN SCORED ON A CORNER KICK TO LEAD BLUE OVER TAN. OTHER GOALS BY M. AUBIN (1 ASSIST), M. BALCIUS (1 ASSIST), AND J. LACOUTURE. J. WHITE HAD ONE ASSIST. GREAT MIDFIELD PLAY BY M. ELLIOTT AND L. ANDERSON. GOOD DEFENSE BY J. HEENAN. NO REPORT FROM TAN COACH.

YELLOW 2 - RED 1

YELLOW BROKE INTO THE WIN COLUMN WITH A HARD FOUGHT 2 TO 1 WIN OVER RED. YELLOW GOALS BY D. RAINVILLE AND S. HAGLUND ON A PENALTY KICK. STANDOUT GOALTENDING BY JIM O'NEILL. GOOD PLAY BY S. THOMPSON, M. HOUDE, AND G. CLARK. RED GOAL SCORED BY J. GINISI WITH A AN ASSIST BY C. HINES. SOLID PLAY BY J. O'CONNOR, E. WHITE, AND J. KERSWELL.

RESCHEDULED GAMES

INTERMEDIATE DIVISION

GAMES FROM SATURDAY OCTOBER 22 WILL BE REPLAYED ON SATURDAY NOVEMBER 5. GAMES FROM OCTOBER 8 WILL BE MADE UP ON SUNDAY NOVEMBER 6 AS LISTED BELOW. CHANGES IN THE SCHEDULE:

SUNDAY NOVEMBER 6 GREEN VS. TAN, 12:00 NOON MIDDLE
YELLOW VS. RED, 1:30 MIDDLE SCHOOL
BLUE VS. SILVER, 3:00 MIDDLE SCHOOL
FROM 9/8 ; WHITE VS. GREEN, 4:30 MIDDLE SCHOOL

SENIOR DIVISION

GAMES NOT PLAYED ON SATURDAY OCTOBER 22 WILL BE PLAYED ON NOVEMBER 5 AS LISTED BELOW.

SATURDAY NOV. 5 GRAY VS. BLUE, 10:30, ELMWOOD STREET
GREEN VS. TAN, 12:00, ELMWOOD STREET

Millbury Woman's Club

MILLBURY - The next meeting of the Millbury Woman's Club will be held on Monday, November 7, in the vestry of the First Congregational Church on West Main Street. The meeting will begin with a luncheon at noon, followed by a business meeting and a presentation by guest speaker Lynn Hartmann, from Hartmann's Herb Farm in Barre. Ms. Hartman will demonstrate the uses of herbs in holiday foods and decorations.

The chairwoman of this event is Mary Lou Mulhane and her committee will include the following: Rose DeToma, Eloise Ducharme, Heather Grossman, Phyllis Howe, Jane Jung, Martha Stafinski, Ruth Stafinski, and Ida Vartanian.

Master Gardener Volunteers

LEICESTER - Worcester County Cooperative Extension is looking for volunteers for their Master Gardener Program. Entering its fourth year, the Master Gardener program is seeking 20 candidates who will be trained in a variety of horticultural topics. In exchange for the 72 hours of training, which will run on Wednesdays from mid-January through early May, Master Gardeners are expected to donate a minimum of 72 hours to the Consumer Horticulture Department.

Selection of candidates is based on several factors. Although a horticultural background is not a prerequisite, it is essential to have some hands-on gardening experience as well as a desire to learn more about plant culture, gardening techniques, and pest control. Master Gardeners should feel comfortable working with the public, and volunteers may also be considered for their artistic organization or writing abilities.

Once the training is complete, Master Gardener volunteers can pay back their time in numerous ways. Cooperative Extension is the education arm of the University of Massachusetts. A primary function of the Consumer Horticulture Department is to provide Worcester County residents with technical advice and assistance on topics such as food production, lawn care, household pest control, and disease and insect management.

Alternative methods of pest control and efficient water usage are stressed to clients. Part of the 72 hours is spent assisting clients on the phone or providing office consultations to walk-in clients.

Not all volunteer time need be spent in the office. However, Master Gardeners are needed to staff plant clinics, to assist with educational programs, to deliver radio programs, to write articles, and to give presentations on horticultural topics. Appropriate volunteers may be asked to design and staff educational exhibits, to work on community gardens or to implement educational programs in the classroom.

If you are interested in this program, contact Dawn Egeland or Mary Owen at the Worcester County Cooperative Extension, 759 Main Street, Leicester, MA 01524, or call 892-1116.

Corridor Commission Meeting

UXBRIDGE - The Blackstone River Valley National Heritage Corridor Commission will hold a meeting of the Planning Subcommittee on Monday, November 7, at 1 p.m. at the Commission's office, 21 Mendon Street.

The purpose of this meeting will be to meet all the principals who are developing a Cultural Heritage and Land Management Plan under the Commission's Cooperative Agreement with the University of Rhode Island. In addition, strategies for conducting two public workshops to be held with the URI team on the evenings of November 16 and 17 will be discussed.

The Commissioners include nine members from Massachusetts and nine from Rhode Island, as well as the Director of the National Park Service North Atlantic Region.

Planning Board Continues Discussion on Proposed Mining Operation

MILLBURY - On October 24, The Planning Board continued a hearing on the petition of Edward Renaud, George Lamothe, Spire Realty and Development Corporation of East Windsor Connecticut for a Special Permit to conduct earth removal on property located on Rte. 146. Five million cubic yards of earth are proposed to be mined. Present for the hearing were Greg Valiton, engineer from Cullinan Engineering, and Attorney Stephen Burwick, representing Spire Realty and Development.

In answer to a question from board member Terry Burke Dotson, Valiton explained that the operation is a mining operation and not a quarrying operation, the distinction being that 'quarrying" implies cutting stone as in removing curbing material.

It was explained that once the rock had been dislodged by blasting, it will be carried by truck to a processing location where it will be crushed and screened in a portable processor. The processed material will be placed in rail cars and removed from the site. The rail cars will be on an on-site spur that the railroad will build.

Planning Board member Ann Kniskern asked a series of direct questions about the particulars of the mining operation and the precautions that will be taken during the mining process. Burwick and Valiton shared the responses. The questioning revealed that there will be drilling for one week, after which it is anticipated that the blasts will occur once a week - the blast and the settling of the rock will take approximately 30 seconds.

Kniskern also questioned how the "fly rock" will be contained. "Fly rock" occurs, she explained, when the blast, because of some irregularity, discharges rock projectiles into the air. She added that she assumed it would be difficult to cover the blasting area. The board was told that the blasting area will be at a significant distance from the highway and the Elmwood Street School and that the contractor who is hired to blast will be a professional who would make the necessary safeguards.

Kniskern also asked if they would be using a "dry" or "wet" process. She explained that the dry process uses a vacuum system and is very expensive. The wet process cuts down on productivity. Attorney Burwick answered that the process has not been determined at this time.

"When bringing the rock in front of the property," Kniskern asked, "will this be along a dirt road or will the road have some type of covering? If you have trucks making the estimated 500 trips per week, there's going to be a lot of dust created," she said.

Valiton answered, "There are several means of keeping dirt down." He indicated that the roads may be watered or spread with salt.

"We're really not getting too many answers right now," Board Chairman Anna Lewandowski observed.

Burwick responded, "We would not hire or engage a blaster who didn't have the necessary licenses or expertise to do the work safely and according to the code." He maintained that any professional blaster would be a professional who would perform his work in accordance with town regulations.

Chairman of the Millbury Historical Commission, Cynthia Burr asked that the developer keep in mind that this area may have historical artifacts which should be preserved.

Historical commission member, Gerard Laflash, also addressed the board and explained the historical significance of the area.

Mark Donohue, attorney for JTM Farm Trust, expressed his clients opposition to the project and ask the board not to close the hearing until he had a chance to review the Order of Conditions.

A motion to continue the hearing was voted down. A motion to close the hearing was voted 3-2 in favor.

Happy Birthday!

Millbury's Transfer Station: a complex issue facing voters

First of two articles

MILLBURY - The Transfer Station Building Committee met with the Finance Committee on October 26 to discuss an upcoming article on the warrant for the November 15 Special Town Meeting which will seek funds to construct a transfer station on the site of the Riverlin Street landfill.

Building Committee Chairman, Richard Dwinell, spent some time explaining the chronology of events leading up to his committee's decision to seek the funds, in order to give the new members of the finance committee the background and rationale for the building committee's decision.

Dwinell started by saying that it became clear in the early 80's that the landfill would have to close. (Millbury's sanitary landfill comes under the jurisdiction of the Board of Health.) According to Dwinell, in 1983, Cambridged-based SEA was hired to do a study of the closing of the landfill. In 1984, SEA's report was completed, with a recommendation to the Board of Health that Millbury construct a transfer station on the Riverlin Street site.

In 1985, an article was put on the town meeting warrant to allocate monies for plans and specifications for a transfer station. The Finance Committee recommended indefinite postponement of this article. The town meeting accepted the Finance Committee's recommendation.

Dwinell explained that he made a motion during the Saturday session of that town meeting that the Town Moderator be given the authority to establish a committee to study how to dispose of Millbury's solid waste. The motion passed and a committee was formed comprising of one member from each precinct and a representative from the Board of Selectmen; the Board of Health did not appoint a member. The committee, called the Solid Waste Study Committee, met every two weeks and, in 1986, voted 7-0 to adopt SEA's recommendations.

The committee placed an article on the warrant for a special town meeting in 1987, seeking funds to underwrite the plans and specifications for a transfer station. These plans and specs would be used for bids on the proposed building. Voters approved the article.

The Solid Waste Study Committee was then expanded and renamed the Building Study Committee. All members of the Board of Selectmen and the Board of Health were added to the original solid Waste Study Committee.

The committee has since received the plans and specifications from SEA but decided not to go to the Town Meeting until they had gone to bid. According to Dwinell, a low bid of $943,000 has now been received.

SEA also estimated than an additional $50,000 would be needed for architectural supervision of the project, as required by the Department of Environmental Quality Engineering. A second recommendation from SEA would allocate a 10% contingency fund, or approximately $94,000.

The total figure which is being sought for the construction of the Transfer Station at the Riverlin Street site is $1.1 million dollars.

(Because the Transfer Station issue is multi-faceted, a full, comprehensive study involves reporting on more than merely what was discussed at the Finance/ Building Study Committee meeting. In the interests of thoroughness and objectivity, the Chronicle will continue its report next week .)

SELECTMEN from Page 4

D'Auteuil again noted that, as of November 1, he would have to pay for hauling trash to Wheelabrator. "Who can change the rate? We have no idea what the rate will be. It's not stated in the letter. We should have had more time for the change in the rate. At least 30 days."

Selectman Wynton Adams then noted that the setting of rates was part of the process in contracting with Wheelabrator. "It's the responsibility of the Board of Health to deal with people who generate and dispose of solid waste," he said.

Cristo remarked that the cost to provide no tipping through the rest of the year would be around $102,600 and that this amount is not "sitting around." He said that the two projects related to solid waste disposal, the transfer station and capping of the landfill, could cost 2.6 million. "We are trying to save money so as not to bond it all," he said.

D'Auteuil had suggested that money be taken out of the receipts received from Wheelabrator which are given to the town as the host community.

Selectman Roland Lachance then questioned D'Auteuil on the process for Millbury haulers delivering trash to Wheelabrator. D'Auteuil explained that trucks are checked at the landfill and given a slip prior to going to Wheelabrator. Lachance noted that haulers could make additional stops after leaving the landfill along the way to Wheelabrator. D'Auteuil said that one of the flaws in the system is that no one checks the trucks after the slip is given out to haulers.

Business owner Debbie Berthiaume then said that she and other small businesses did not know anything about the change and wondered why small businesses were not notified.

Cristo replied, "The Board of Health put this out, not us. The Board of health made the decision unilaterally."

Ray Dubois, another downtown business owner, asked if the selectmen had authority to postpone this action. Cristo replied, "The Board of Health is the only one who has the authority. They would have to rescind the action."

Cristo then asked if the Board of Health had been asked to attend tonight's meeting. Earl Chase replied that he had not specifically invited them.

D'Auteuil suggested that they be called to see if they did renegotiate this afternoon with Wheelabrator.

Cristo then asked Chase to call Board of Health Chairman Frank Piscitelli to see if the board could come down to the meeting. Chase left the conference room to contact Piscitelli and when he returned told the assembly that Piscitelli was on his way down.

Chase also noted that Piscitelli said that the Town would be over the tonnage limit tomorrow (October 26) and that trash haulers would be billed at $38 per ton.

While waiting for Piscitelli, the board took up the remaining items under Old Business.

Nicole Drive

A request from Nicole Drive residents for the installation of lights on their street, which was held over from a previous meeting, was briefly discussed. Chase noted that a recommendation from Mass. Electric on the location and number of poles has not been received as yet. No action was taken.

N.E. Telephone Enclosure

A request by New England Telephone for an equipment enclosure on Grafton Street, also held over from last week, was held up again as the matter of the location has not been resolved.

Solid Waste Discussion Resumes...

The discussion concerning the notification letter from the Board of Health to trash haulers resumed as Frank Piscitelli walked in to the meeting.

Piscitelli reported that in the meeting with Wheelabrator no negotiating or bargaining took place but discussions were held on information relating to the contract.

Referring to the Board of Health letter, Piscitelli said, "This was something we had to do. What else could we do? This will be temporary until January 1 when it will be at zero tipping."

Piscitelli explained that the Town is now 10% over tonnage. He also said that increased demolition in town coupled with people cleaning out everything for fear they might not be able to get rid of their rubbish were causes for increased tonnage beyond the projections.

Louis Berthiaume, of West Main Street, said that he would be opposed to the proposed hotel/mall complex on Rte. 146, noting that the town would be paying for that.

Piscitelli said that the board was looking at all alternatives and that big industries may have to be on their own in respect to solid waste disposal. He also said that Millbury was "unique" and "fortunate" as other communities were paying varying prices to Wheelabrator.

Piscitelli assured the assembly that next year the operation would be monitored more closely and controls would be in place to prevent a recurrence of this problem. "Until something is decided we can't come up with rules and regulations," he said. "After the November 15 special town meeting we will know more," he added.

Richard Dwinell, Chairman of the Solid Waste Study Committee spoke next, stating that his committee had nothing to do with the problem presented tonight.

Dwinell said that the town of Millbury "graciously accepted" Wheelabrator. "We bailed them out," he said. "No other community wanted them. The plant is an asset to the town. Now we have a problem. The Board of Selectmen and the Board of Health should approach Wheelabrator. We should let them know that we are having problems in the 1st year. They can dump all our trash the rest of the year. They are getting a lot of dough. They could pick up this expense. After meeting with them," he suggested, "come back and report back to everyone concerned."

Cristo and Piscitelli both said they would be willing to go to Wheelabrator to do what Dwinell had suggested.

SELECTMEN from Page 16

It was also suggested that negotiations could consist of utilizing some of next year's tonnage until controls are in place.

D'Auteuil then emphasized that everyone has to work together to solve the problem of waste disposal. He suggested that recycling should start tomorrow with the public being educated so that recycling could take place at the point of origin. "Because it might cost, it doesn't mean we shouldn't recycle," he said.

D'Auteuil also suggested that the fee proposal be temporarily cancelled until a meeting could be held. Cristo asked Earl Chase to contact Wheelabrator to set up a meeting as soon as possible.

Lachance moved to have a meeting with Wheelabrator for discussion and possible negotiations, which was approved on a 5-0 vote.

Cristo also said that the Board of Health letter would have to stand.

A member of the audience then asked whether businesses that take their own trash to the landfill would have to pay a fee.

Piscitelli replied, "Sorry. We didn't take that into consideration. Everyone isn't perfect."

Cristo then asked for a closing of the discussion at 9:30.

Use of Town Counsel

Lachance moved to begin proceedings through Town Counsel for a complaint against Paul LeBoeuf who has allegedly been conducting a recreational vehicle business on Sutton Avenue. The board has received several letters from Joseph Brady, an abutter, protesting the conducting of the business. Lachance noted that the building inspector has written two letters citing Mr. LeBoeuf for the by-law violation.

Brady's daughter, Jane Pojani, told the board that she had talked to the building inspector and that he had not taken the matter to court saying that he had concerns that he might be sued.

Both Gauthier and Lachance said that if the building inspector couldn't do the job the Board of Selectmen would. The board voted 5-0 to proceed with filing for court action through Town Counsel.

The Board also approved a request from the Fire Department to seek assistance from Town Counsel to consider action against Baril Oil Company for allegedly installing oil burner equipment without proper permits.

The board completed its agenda at 10 p.m.

Back-to School Night

MILLBURY - The administration and teaching staff of the Millbury Public Schools invites all parents to participate in their annual Back-to-School Night program. Dates for this program are as follows:

Elmwood Street School: Tuesday, November 15, A-M; Monday, November 21, N-Z.

Middle School: Monday, November 14, A-M; Tuesday, November 22, N-Z.

High School: Thursday, November 17, A-M; Tuesday, November 29, N-Z.

Parents whose last name begins with:

1st night:	2nd night:
A-D 7:00-7:50 p.m.	N-Q 7:00-7:50 p.m.
E-H 7:50-8:40 p.m.	R-U 7:50-8:40 p.m.
I-M 8:40-9:30 p.m.	V-Z 8:40-9:30 p.m.

Each school has been scheduled for its own Back-to-School program. This year, the Elmwood Street School, grades K-3, the Middle School, Grades 4-7, and the High School, grades 8-12, will have two Back-to-School evenings. Parents whose last name begins with A-M will meet on the first evening. Those whose last name begins with N-Z will meet on the second evening. However, any parent who cannot make the specific time or evening can come between 7 and 9:30 p.m. All buildings will be open to parents from 7-9:30 p.m. as noted above.

Teachers will be providing parents with the opportunity to discuss the progress of their youngsters. However, due to the number of parents who may be present, conferences will have to be brief. If a parent wishes to have a longer conference with his/her youngster's teacher, this should be arranged for a future time.

All parents are encouraged to take advantage of this opportunity to meet with building principals and teachers. Parents also have an open invitation to contact principals and teachers whenever a need arises.

Chicken and Biscuit Supper

MILLBURY - The Worship and Fellowship Committee of the Millbury Federated Church will sponsor an "All You Can Eat" Chicken and Biscuit Supper on November 12 at 6:00 p.m. in the vestry.

Ticket prices are $5.50 for adults and $3.00 for children 10 and under.

Reservations must be made for this event. To register, call 865-2870 or 865-6209. The deadline is November 9.

Important News for Private Well Owners

MILLBURY - The Massachusetts Department of Food and Agriculture is working with local boards of health to implement regulations designed to protect private drinking water wells from herbicides used on rights-of-way.

Under the regulations, the use of herbicides on rights-of-way will be prohibited within 50 feet of private drinking water wells and restricted within a buffer zone extending to 100 feet. To gain protection, persons using drinking water wells located within 100 feet of a right of way must:

1. post the location of their wells at the edge of the right-of-way; and

2. notify the local health board of their well's location so that it can be mapped and provided to herbicide applicators. Contact the Millbury Board of Health at 865-4721 for more information

Women's Bowling League

High Triple was rolled by Pat Gaspar, a 314 with strings of 106-108-100. Charlotte Gabree and Becky Rushton shared second high, a 307. Charlotte rolled strings of 90-118-99; Becky rolled strings of 104-103-100. Ellen Bouvier rolled an even 300 with strings of 95-112-93.

The high single of 118 was rolled by Charlotte Gabree.

Millbury-Sutton Mini Health Fair

The District Nursing Society of Millbury and Evelyn Shaw, Sutton Board of Health Nurse, are working together with the Massachusetts Department of Public Health to offer Millbury and Sutton residents, 18 and older, the opportunity to participate in a "Mini Health Fair."

On November 16, from 2-6 p.m., at the Dudley-Gendron VFW, blood pressure and cholesterol screenings will be offered and all registered individuals will be entered in an hourly Turkey Raffle. Dietary advice and free nutrition education materials will be available. Blood pressures will be measured on a walk-in basis and will be free of charge. Cholesterol measurements will cost $7.00 and residents must call their respective community contacts for an appointment. Appointments will be scheduled on a "first call, first serve" basis, so make your telephone call A.S.A.P.!

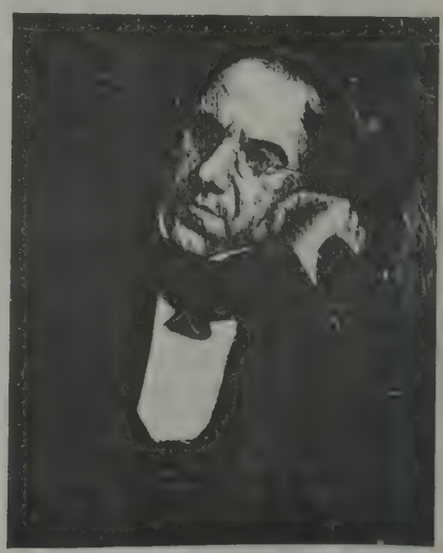
Millbury residents should call 865-4373 between 8:00 and 4:00 p.m. and ask for "Yvonne" who will schedule the Millbury appointments.

Sutton residents should call 865-4279 between 9:00 and 3:00 p.m. and ask for "Sue", who will schedule Sutton appointments.

Join in this autumn event. Know your numbers and what you can do about them. Enjoy free apples and have a chance to win your Thanksgiving turkey.

A Bit of History....

by Grace Laflash



Because it is our town's 175th birthday, I would like to share a bit of history with you. 1988 is also the 200th anniversary of the birth of Tom Blanchard, a Millburyite.

At the armory of Asa Waters II (VFW site) guns were made for the U.S. government. Mr. Waters possessed some inventive genius himself, and improved the method of manufacturing, securing several patents.

He devised a lathe for turning gun barrels but his machine for turning the breech end of the gun, which was flat on the sides and round on the top and bottom, did not function properly. Having heard of an ingenious, young man living on "Grass Hill" (West Millbury), Asa sent for him. Shy, "stammering Tom" glanced at the operation and suggested an additional, very simple, cam motion which proved to be a success. Mr. Waters was pleased and said he would not be surprised if Tom turned a gun stock; no mechanical talent had yet accomplished this task. Tom stammered that he would try, whereupon workmen who had gathered snickered because of the absurdity of the idea.

Undaunted, the inventor built a workshop (West Millbury), filled it with tools, and spent much of the next two years there. Finally, he completed a miniature model of the eccentric lathe for turning irregular forms which he brought to the armory of Asa II. It worked so well that a large machine was constructed.

The government received news of the operation and wanted a similar machine installed at the national arsenal in Springfield, Massachusetts. Blanchard ordered it to be sent there where it was copied then carted back to Millbury. Mr. Waters purchased the lathe and it was employed in his gun shop for twenty or more years.

Today, Tom Blanchard's eccentric lathe is on display at the Springfield Arsenal, which has been converted into a museum.

Over 3,000 Massachusetts Scientists and Engineers Urge a NO vote on 4

"Ballot Question 4 would permanently shut down the generation of electric power by existing Massachusetts' nuclear electricity plants.

It is an important issue. Nuclear energy supplies 33% of our region's electricity. Our state's nuclear electricity plants alone provide nearly 20% of our in-state power supply.

Of course, the issue goes beyond the threat of electricity shortages, and economic consequences.

It is important to consider the complex scientific questions involved, including the adverse environmental and health effects of the likely replacements to nuclear energy – oil and coal.

When looking at the scientific issues, please consider the views of my colleagues in Massachusetts' scientific community, who overwhelmingly recommend a No vote on Question 4.

– Thank you."

Notice

MILLBURY - The Building Inspector's office will be closed Tuesday evening, November 15, due to the Special Town Meeting.

Signs Must Have Permit

MILLBURY - The Building Inspector has announced that Millbury Town By-Laws require that all signs have a permit before they are posted.

All signs, both temporary and permanent, are regulated as to size, location, and illumination. Copies of the by-law governing sign requirements may be obtained in the Building Inspector's office.

If you plan to post a sign or already have one in place, contact the Building Inspector for the proper permit.

Thirty days from this notice, any sign that does not have a permit will be removed by the Highway Department.

Guess Who's Reading Bedtime Stories???

MILLBURY - The Millbury Public Library, 128 Elm Street, will present a week of special activities and events in celebration of National Children's Book Week. This is a special time to encourage the enjoyment of reading for and by children.

On November 15, 16, and 17, the library has invited three special guests to read bedtime stories to children of preschool age and older. Children are invited to come clad in their favorite nighties to hear their favorite bedtime stories. Bedtime Story Hour starts at 6:30. Seating is limited, so register early by calling 865-1181.

- Tuesday, November 15: **THE STORY OF BABAR THE LITTLE ELEPHANT**, read by Selectman Jude Cristo, and **UNDER THE SUN**, read by Elaine Loehmann, Children's Librarian.

- Wednesday, November 16: **WHERE THE WILD THINGS ARE** and **GOODNIGHT MOON**, read by Dave Matson, Town Clerk.

- Thursday, November 17: **THE THREE BEARS** and **GRANDFATHER TWILIGHT**, read by Library Trustee Nancy Keenan.

National Children's Book Week will culminate the library card registration drive sponsored by the library and the Millbury schools. The goal of this ambitious registration drive is to put a library card in the hands of school age children from kindergarten through seventh grade. During the week of October 31, students will receive library card registration forms to be filled out by them, signed by parents, and returned to school.

During the week of November 14, students who have never had a library card will receive one. Students who already have cards will receive a special book mark.

While they last, balloons, donated by the Friends of the Millbury Public Library, will be distributed in the library's children's room throughout National Children's Book Week.

School Lunch Menus

Week of November 7-11

MILLBURY HIGH SCHOOL

MONDAY: Meatball Grinder, French Fries, Green Beans, Pudding
TUESDAY: Chicken Pot Pie, French Fries, Pan Roll/Butter, Ice Cream

Video Seminar

MILLBURY - Faith Alive Ministries will conduct a video seminar on Saturday, November 5, from 9 to 11 a.m. at their facility on Route 146.

Edwin Louis Cole, author of the book Maximized Manhood, will challenge fathers on a number of issues in the video seminar entitled, "Fabulous Fathers."

The men-only meeting will provide a forum for discussion and ministry for the concerns of men. All men from the age of 13 and up are invited to attend. No admission is charged but a free will offering will be taken.

For further information, call Pastor John Pfeffer at 865-5966.

COA Menus

Week of November 7-11

MONDAY: Meatloaf w/Onion Gravy, Scalloped Potato, Wax Beans & Pimento, Rye Bread & Butter, Butterscotch Pudding
TUESDAY: Chicken Noodle Soup w/Crackers, Presidential Franks, Patriotic Baked Beans, Voter's Tossed Salad, Wheat Bread & Butter, All American Apple Crisp with Topping
WEDNESDAY: Vegetarian Vegetable Soup, Baked Macaroni & Cheese, Green Beans, Oatmeal Bread & Butter, Fresh Fruit in Season
THURSDAY: Chicken Patty Parmesan, Italian Roasted Potato, Broccoli, French Stick & Butter, Pears
FRIDAY: Veteran's Day

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Pushin' Santa's helpers and baking racks?
2. The strength of the crazy person and the illumination of the lunar body?
3. Poetry in a bucket and pocketbooks in a valley?
4. Brown-bagging a noon meal and having little impact?

ANSWERS: 1. Shovin' elves and oven shelves. 2. The might of the loon and the light of the moon. 3. Verse in a pail and purse in a vale. 4. Packing a lunch and lacking a punch.

6-12

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

Leaves...and more leaves all over the Common, dull sand replacing the bright circles of marigolds, all remind us that summer is over and autumn is truly here, but not for long after listening to the weather forecasts with snow already falling in some places!

CENTERVIEW APARTMENTS: welcome home to Jerry Rutherford, a recent patient at St. Vincent's, and a speedy recovery to Belle Read, who is a patient there now.

The Centerview Fair will be held on Saturday, November 5, from 10 a.m. to 2 p.m. and the public is invited to visit the various tables. The food table will be laden with a variety of baked goods, including baked beans and brown bread. Crafts will feature hand knit articles, etc. In addition, the following will also be available: odds and ends, white elephant table (where one person's trifle is another person's treasure), books, used clothing, and coffee "and" while you're browsing. Visit the Centerview Fair and do some Christmas shopping early!

A trip to Plainfield, Connecticut is on the agenda for Tuesday, November 15. Lunch at the Golden Eagle will feature a Choice of Roast Beef or Baked Stuffed Scrod.

Lillian Haley celebrated her birthday on November 1st. Happy Birthday, and many more!

COLONIAL APARTMENTS: Happy Birthday to Rose Carrignant, Millie Vallee, Jeannette Bleau, and Frances Crook, all celebrating in the early part of November. Best Wishes to all!

LINDEN APARTMENTS: John Sharp, Mabel O'Brien, and Alice Margaret Cobb are all celebrating birthdays during November. Many Happy Returns to all!

On behalf of all the tenants, Edith Army extends sincere thanks to all who baked, patronized and helped in any way to make their bake sale and flea market a success!

Also, a very sincere "Thank You" to the members of the Millbury Lions Club for a delicious spaghetti supper which they served all the tenants on October 25. They also thank Butch and Maeve for the entertainment.

ST. BRIGID'S WOMEN'S CLUB will meet on Thursday, November 17, at 7:30 p.m. in the church hall. President Madeline Hartline will preside at the business meeting which will precede the speaker for the evening. Jack Swedberg will speak on "Wildlife." Since this topic will be of interest to others, it will be open to the public.

Mary Griffith and Mary-Jo McKeon are Co-Chairwomen of this event, and they will assisted by the following committee: Kathleen Bird, Donna Blake, Paula Bunevith, Alice Donovan, Lisette Gagne, Nancy Keenan, Fran Koliss, Susan Miles, Barbara O'Brien, Doris Paquette, Peggy Spang, and Bernice Walsh.

There will be a board meeting at 6:30 p.m. on the same evening.

WIT AND WISDOM

- Talk is cheap because supply exceeds demand.
- A man is getting old when he scans the menu without first looking at the waitress.
- Inflation is like putting on weight; it's easier to start than to stop.
- If you can't get them to listen to you any other way, tell them it's confidential.
- Everybody who got where he is had to start from where he was.

West Millbury Union Chapel Celebrates 100th Anniversary

MILLBURY - The 100th Anniversary of the West Millbury Union Chapel will be celebrated on Sunday, November 20, at 3:00 p.m.

The message will be delivered by the Rev. Bruce MacLeod, interim minister of the First Congregational Church. The Rev. MacLeod is also a great grandson of one of the founders of the chapel, Henry W. Davidson.

At the close of the service, a time of fellowship will be held in the dining hall; refreshments will be served.

This event is being planned by the chapel trustees: Mrs. David Ball, Norman Scott, and Cecil Murray.

The Chapel was organized by West Millbury residents who were members of the three Protestant churches: First Congregational, Methodist, and Baptist. All three ministers from these churches have been invited to take part in the service.

Turkey Whist

MILLBURY - The Men's Club of Our Lady of the Assumption Church will hold its 4th annual Turkey Whist on Sunday, November 13, at 7:00 p.m. in the church hall, 16 Waters Street. The donation will be $1.99 per person.

In addition to the turkey prizes and raffles, a complete turkey dinner, including wine, will be raffled. Complimentary coffee and pastries will be served throughout the evening.

DEADLINE

The deadline for all submissions to the *Millbury-Sutton Chronicle* is 12:00 noon on Saturday of the week prior to publication.

St. Jude's Novena

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world, now and forever. Sacred Heart of Jesus, pray for us. Saint Jude, worker of miracles, pray for us. Saint Jude, help of the hopeless, pray for us.

Say this prayer nine times a day for nine days. By the ninth day, your prayer will be answered. It has never been known to fail.

Publication must be promised.
